Dear TallyHo Hunting Safaris

APPRECIATION FOR YOUR CONTRIBUTION TO HELPJAG 2024

Solidariteit Helpende Hand would like to thank you for contributing to the HelpJag project in 2024. We sincerely appreciate your support. It made a huge difference in the life of every toddler who benefits from HelpJag.

Together we build a free, safe and prosperous future for our youth.

The HelpJag project focuses on ensuring that venison is distributed to various institutions across the country to feed needy toddlers and their families.

Meat is a luxury for many South African families, reserved for festive days and special occasions. Your processing of the venison donations in 2024 helped us to make meat a part of needy children's daily meals so they can develop optimally.

Kind regards

HelpJag
